

PRODUCT OVERVIEW

Welcome to the world of **good machines**.

Stretch wrapper machines

Semi and fully automated stretch machines. Mobile stretchers, turntable winders, rotary arm wrappers and ring winding systems. We deliver the perfect solution for every need. Wide range of stretch films available.

Shrink and tray packer

High performance-range, fully automated packaging machine. Highly flexible thanks to its modular design. Simple-to-change formats and excellent work area accessibility. Optimum energy efficiency thanks to its integrated high-performance shrink tunnel.

Wrap-around packer

Medium performance-range machine for packaging glass, PET or metal containers in the food and non-food segments. High availability thanks to failure-free operation. Fast format changes boost production efficiency.

Cardboard erection and flooring machines

Semi and fully automated machines from COMARME. Optional glue processing or hot gluing. Dynamic height with simple and infinitely variable conversion to different format sizes. Available in steel or stainless steel.

Carton sealing and gluing machines

Semi and fully automated machines from COMARME. Optional glue processing for self-/wet adhesive tape or hot gluing. Allows for quick and safe carton closing by adapting itself to the height and width of the carton.

PRODUCT OVERVIEW

Welcome to the world of **good machines**.

Materials-handling technology

We develop precise and safe solutions for various designs of drum, carton, container and pallet. Our conveyor systems can be integrated into new and existing production and merchandise management systems.

Service worldwide

Our basic principal: only reliable people make reliable machines. Our service team consists of more than 20 members of staff. At this point we would like to summarise: the young men and women of our business are simply WORLD CLASS, see for yourself!

Spare parts

We are proud to claim the first-class nature of our ability to supply spare parts. We maintain warehoused stock of all essential components and parts, always readily available. Express, urgent, specialist and courier deliveries are of course no problem. Always secure, swift and guaranteed!

Consumables, replacement parts and service

In the stretch segment we supply machine stretch film, hand stretch film and cover film. We have all consumables in stock for you.
